

## Passive Referral Partner Program

**Earn 10 % of first-year revenue – capped at \$25,000 per client – paid only when we get paid.**

You do almost nothing. We do everything else.

Services we offer:

- AI Strategy consultancy & AI adoption roadmaps
- Preparing clients management and employees for AI adoption
- Design, development and secure AI and non-AI Automation Implementations
- AI readiness audits

### Who We Serve

Small and mid-sized businesses primarily in North Texas (we are open to clients from other states too) with **\$5M–\$250M in annual revenue**, including both **PE-owned** and **privately held** companies. We focus on firms in manufacturing, distribution, logistics, professional services, and specialty trades. We especially like **companies who are preparing for sale** because we can **increase their sale price** by streamlining operations, improving reporting, reducing manual errors, and accelerating growth through automation and AI. We work directly with executive decision-makers (**Owner, CEO, COO, CFO, Head of Operations, or IT Director**) responsible for operational performance.

How does it work?

1. Introduce us to a North Texas company  $\geq$  \$5M revenue where you already have a trusted relationship (Owner, CEO, COO, CFO, GM).
2. We handle discovery, proposal, delivery, billing.
3. When the client pays us → you get paid within 15 days

Compensation

- 10 % of all gross revenue collected in the first 12 months (strategy retainer + workshops + implementation + any subscription)
- Hard cap \$25,000 per client
- 90-day 100 % clawback only if client receives full refund

Legal – simple 1-page agreement

Independent contractor | 24-month non-circumvention | Quarterly statements + 1099

**Zero effort. Zero risk. A new passive income line for you in 2026 and beyond.**
